LEGACY

OF ACADEMIC EXCELLENCE

Education is not just about acquiring knowledge but **also** about building character, embracing curiosity, and contributing meaningfully to society. Stay focused, be resilient, and never stop dreaming big.

Lord Rev Sri Sri Dr. PRAKASHANATH SWAMIJI
MANAGING DIRECTOR BGS GROUP OF INSTITUTIONS

EXPLORE DISCOVER ELEVATE

Education is the guiding light that empowers individuals to lead meaningful lives and shape a brighter future. BGS & SJB Group of Institutions at BGS Health and Education city was started by his Divine Soul Padmabushana Sri Sri Sri Dr. Balagangadharanatha Mahaswamiji, founder of Sri Adichunchanagiri Shikshana Trust. The Trust was formed in 1973 through which several higher education institutions and schools have been setup across india providing primary education to the rural poor and professional education to meritorious students.

As a center of excellence, BGS & SJB Group of Institutions are dedicated to imparting quality education and developing skilled professionals ready to face technological, managerial, and societal challenges in a rapidly evolving world. Our serene campus fosters a conducive learning environment where intellectual brilliance meets ethical excellence, shaping future leaders who make a difference on the global stage.

RECOGNISED FOR EXCELLENCE

ACCOMPLISHMENTS

WE TAKE PRIDE IN

LEGACY OF ACADEMIC EXCELLENCE

BGS & SJB Group of Institutions stands as a symbol of academic excellence and holistic education, driven by a rich legacy of knowledge, values, and innovation since 2001. With a steadfast commitment to shaping future leaders, the institution has nurtured generations of students through world-class education, state-of-the-art infrastructure, and a value-driven learning environment. Built on a foundation of integrity and excellence, BGS & SJB Group of Institutions continues to inspire young minds to achieve their full potential.

CAMPUS PLACEMENTS

Our institution is proud in its robust campus placement program that connects students with leading companies across diverse industries. With dedicated training, skill development workshops, and career guidance, we ensure that students are well-prepared to excel in recruitment drives.

RECOGNITIONS

All our institutions and academic programs are recognized and accredited by various regulatory bodies such as:

**NMC | DCI | NAAC | AICTE | COA
NAB | NHMCT | INC | PCI | NABH**

INDUSTRY LED-COURSES

Our industry-led courses are designed to bridge the gap between academic learning and real-world applications. Developed in collaboration with industry experts, these programs provide practical insights, hands-on training, and exposure to the latest industry trends. With a strong focus on employability, we prepare students to meet the dynamic demands of the professional world and thrive in their chosen careers.

ADVANCED INFRASTRUCTURE

Our college is equipped with modern facilities designed to enhance the learning experience and foster innovation. From smart classrooms and advanced laboratories to a well-stocked library and high-speed internet connectivity, every aspect of the campus is crafted to support academic excellence. Additionally, recreational spaces, sports facilities, and wellness centers ensure holistic development for our students.

BEST LOCATION

Known as the "Silicon Valley of India," Bangalore is a vibrant hub for education, innovation, and cultural diversity.

Its pleasant climate, cosmopolitan culture, and vibrant student community make Bangalore the ideal destination for academic growth and holistic development.

PIONEERING INNOVATION IN EDUCATION

Our Institutions are at the forefront of educational innovation, adopting advanced teaching methodologies and cutting-edge technologies to enhance learning outcomes. Through research-driven approaches, hands-on training, and creative problem-solving initiatives, we empower students to develop innovative solutions and thrive in a dynamic world.

RANKED AMONG THE FINEST

BGS & SJB Group of Institutions stands as one of the top-ranked institutions in South India, known for its academic excellence, state-of-the-art infrastructure, and student-focused learning environment. With a legacy of nurturing talent and fostering innovation, the college continues to set benchmarks in education, making it a premier destination for aspiring professionals.

DIVERSITY AND INCLUSIVITY

Our institution celebrates diversity and fosters an inclusive environment where students from various backgrounds thrive. Through multicultural events, mentorship, and student initiatives, we create a supportive community that values collaboration, respect, and global perspectives.

SAFE SOUND

Student safety is our top priority, both on campus and in hostels. Emergency response measures, health services, and grievance redressal mechanisms are in place to address student concerns promptly. We have zero tolerance policy to ragging.

LEARN FROM THE BEST

At our institutions, students are mentored by highly experienced and distinguished faculty who are experts in their respective fields. Through innovative teaching methods, real-world insights, and personalized guidance, our educators inspire students to achieve academic excellence and professional success.

STATE OF THE ART

1000 BED

MEDICAL COLLEGE

Our 1000-bed medical college and hospital is a premier center for medical education, clinical training, and advanced healthcare services. Equipped with cutting-edge technology, modern infrastructure, and specialty departments, it provides comprehensive medical care and unparalleled learning opportunities for aspiring healthcare professionals.

The hospital serves as a hub for clinical exposure, offering students hands-on training under the guidance of experienced doctors and healthcare experts. With a focus on research, innovation, and compassionate patient care, we are committed to nurturing the next generation of competent and ethical medical professionals.

THE SILICON VALLEY OF INDIA

BANGALORE

Bangalore, officially known as Bengaluru, is a dynamic and cosmopolitan city nestled in the heart of Karnataka. Renowned as the “Silicon Valley of India,” Bangalore is a global hub for technology, innovation, and entrepreneurship. The city’s vibrant energy, modern infrastructure, and deep-rooted cultural heritage make it a magnet for students, professionals, and dreamers alike.

The Perfect Destination for Students, Bangalore is more than just a city—it’s an experience. Its vibrant atmosphere, coupled with world-class education and career prospects, makes it the ideal destination to pursue academic and personal growth. Whether it’s exploring cultural hotspots, networking with industry leaders, or simply enjoying the city’s unique vibe, Bangalore offers something for everyone.

India's growing population and expanding economy have led to a critical shortage of allied healthcare professionals across various specialties.

The pandemic has further heightened this need. Our four-year undergraduate allied health programs are designed to equip students with the skills needed to secure placements at top hospitals and healthcare institutions globally.

ARCHITECTURE

BACHELOR OF ARCHITECTURE (B.Arch.)

The B.Arch. program is a comprehensive five-year undergraduate degree designed to blend creativity, technology, and critical thinking to shape the architects of tomorrow. The curriculum offers a balanced mix of theoretical knowledge, practical application, and hands-on studio work, preparing students to design sustainable and innovative spaces that meet the demands of a modern, evolving society.

Key Highlights:

Rigorous training in architectural design, planning, and urban development

Exposure to advanced software, tools, and design technologies

Integration of sustainability, heritage conservation, and smart city concepts

Strong emphasis on innovation, critical thinking, and creative problem-solving

Internships and Placements:

The program offers extensive industry exposure, ensuring students gain valuable hands-on experience and secure internships and placements at leading architectural firms, design studios, and construction companies.

BASLP

BACHELOR OF AUDIOLOGY AND SPEECH LANGUAGE PATHOLOGY

The Bachelor of Audiology and Speech-Language Pathology (BASLP) is a four-year undergraduate program, including clinical training and a compulsory internship, designed to prepare students for rewarding careers in audiology and speech-language pathology. The course combines theoretical learning, clinical practice, and hands-on exposure to assess, diagnose, and treat hearing, speech, and language disorders.

Graduates can work as Audiologists, Speech-Language Pathologists, or Hearing Rehabilitation Specialists in hospitals, clinics, special education centers, and private practice. There are also opportunities for advanced research and academic roles.

Key Highlights:

- Comprehensive training in audiology, speech therapy, and language pathology
- Advanced clinical exposure in speech-language assessments and hearing evaluations
- State-of-the-art labs equipped with the latest diagnostic and rehabilitation technology

DESIGN

Bachelor of design (B.Des.)

The Bachelor of Design (B.Des.) is a dynamic four-year undergraduate program designed to nurture creativity, innovation, and design thinking. The course offers specialized tracks such as

UI & UX DESIGN

VISUAL & COMMUNICATION DESIGN

PRODUCT DESIGN

Bachelor of science in fashion and apparel design (BSc FAD)

The Bachelor of Science in Fashion and Apparel Design (BSc FAD) is a comprehensive three-year undergraduate program that blends creativity, technical expertise, and industry knowledge to prepare students for successful careers in the fashion and apparel industry.

Bachelor of science in interior design (BSc ID)

The Bachelor of Science in Interior Design (BSc ID) is a comprehensive three-year undergraduate program that equips students with the creative and technical skills required to design functional, aesthetic, and sustainable interior spaces.

ENGINEERING

Our Engineering programs are designed to shape innovative problem-solvers and future leaders in the ever-evolving technological landscape. With a strong focus on practical learning, research, and industry collaboration, the programs provide students with the knowledge and skills required to thrive in diverse engineering fields.

HOSPITALITY

Bachelor of Hotel Management (BHM)

The Bachelor of Hotel Management (BHM) is a comprehensive four-year undergraduate program designed to equip students with the knowledge, skills, and practical experience required to excel in the hospitality and service industry. The program blends theoretical learning with hands-on training to develop well-rounded professionals capable of delivering exceptional guest experiences.

Graduates can explore rewarding careers as Hotel Managers, Food and Beverage Managers, Event Coordinators, Front Office Executives, and Hospitality Consultants. Opportunities also exist in cruise lines, airlines, and luxury resorts, as well as entrepreneurial ventures.

Key Highlights:

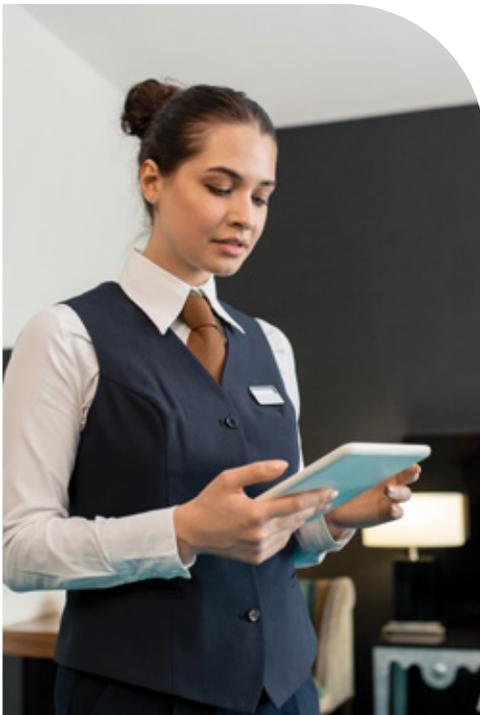

In-depth training in hospitality operations, front office management, food production, and housekeeping

Hands-on experience in food and beverage service, kitchen operations, and event management

State-of-the-art training kitchens, restaurants, and housekeeping labs

Emphasis on communication, customer service, and leadership skills

Opportunities for international exposure through study tours and exchange programs

MANAGEMENT

Our Management programs are designed to develop dynamic business leaders and strategic thinkers equipped to excel in a rapidly evolving global business landscape. With a perfect blend of theoretical knowledge, practical exposure, and industry insights, these programs empower students to navigate the complexities of the corporate world.

BDS

Bachelor of Dental Surgery

The Bachelor of Dental Surgery (BDS) is a comprehensive five-year undergraduate program, including a one-year mandatory internship, designed to develop skilled and compassionate dental professionals. The program focuses on diagnosing, preventing, and treating oral diseases while emphasizing advanced clinical training and patient care.

MBBS

Bachelor of Medicine and Bachelor of Surgery

The MBBS program is a comprehensive five-and-a-half-year undergraduate medical degree designed to develop competent, compassionate, and skilled medical professionals. The program includes four and a half years of academic study followed by a one-year mandatory internship to provide hands-on clinical experience in various healthcare settings.

PHYSIOTHERAPY

Bachelor of Physiotherapy (BPT)

The Bachelor of Physiotherapy (BPT) is a four-and-a-half-year undergraduate program, including a six-month mandatory internship, designed to develop skilled physiotherapy professionals who can promote mobility, physical fitness, and rehabilitation. The program combines theoretical knowledge and practical training to equip students with the expertise required to assess, diagnose, and treat a variety of physical conditions and injuries.

Graduates can work as Physiotherapists, Rehabilitation Specialists, Sports Therapists, and Consultants in hospitals, sports clinics, rehabilitation centers, fitness facilities, and academic institutions. Opportunities also exist for private practice and research.

MD/MS

Doctor of Medicine/Master of Surgery

The MD/MS programs are advanced postgraduate medical degrees designed for MBBS graduates seeking specialization in various medical and surgical fields. These rigorous three-year programs offer in-depth academic knowledge, advanced clinical training, and research opportunities to develop highly skilled and competent specialists.

PHARMACEUTICAL SCIENCE

Our Pharmacy programs are designed to equip students with the knowledge and skills required to excel in the ever-evolving pharmaceutical industry and healthcare sector. The curriculum focuses on pharmaceutical sciences, drug development, clinical pharmacy, and research, ensuring graduates are well-prepared to contribute to patient care, innovation, and the healthcare industry at large.

Bachelor of Pharmacy (BPharm)

The Bachelor of Pharmacy (BPharm) is a four-year undergraduate program designed to provide comprehensive knowledge and practical skills in pharmaceutical sciences and healthcare. The program focuses on the formulation, development, and safe use of medications, preparing students for diverse roles in the pharmaceutical and healthcare sectors.

Diploma in Pharmacy (DPharm)

The Diploma in Pharmacy (DPharm) is a two-year undergraduate diploma program designed to provide foundational knowledge and practical skills in pharmaceutical sciences. This program prepares students to work as healthcare professionals in community pharmacies, hospitals, and pharmaceutical companies, contributing to the safe and effective use of medications.

NURSING

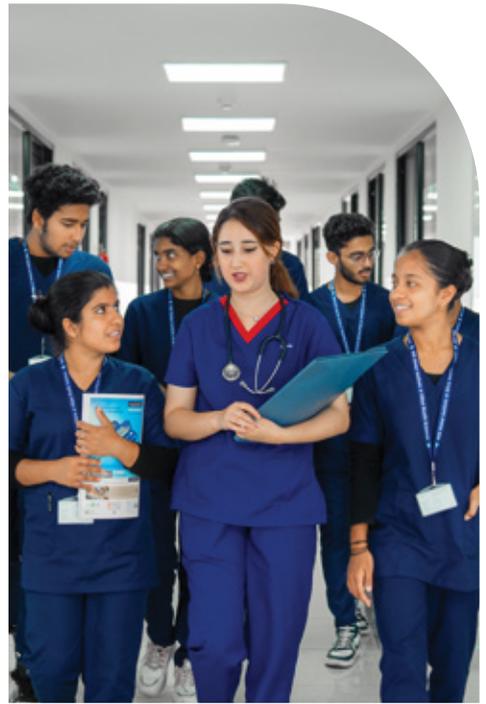

Our Nursing programs are designed to prepare compassionate, skilled, and competent healthcare professionals capable of delivering high-quality patient care. With a curriculum that combines theoretical knowledge, practical training, and clinical exposure, the programs focus on developing critical thinking, leadership, and ethical healthcare practices.

Bachelor of Science in Nursing (BSc Nursing)

The Bachelor of Science in Nursing (B.Sc. Nursing) is a four-year undergraduate program designed to prepare skilled and compassionate nursing professionals capable of delivering high-quality healthcare services. The program emphasizes a strong foundation in medical sciences, clinical practice, and patient care, ensuring graduates are well-equipped to meet the evolving needs of the healthcare industry.

General Nursing and Midwifery (GNM)

The General Nursing and Midwifery (GNM) program is a three-year diploma course designed to prepare competent and compassionate nursing professionals who can provide comprehensive healthcare services in hospitals, clinics, and community health centers. The program emphasizes practical training, clinical exposure, and a strong foundation in healthcare and midwifery.

Post Basic Bachelor of Science in Nursing (PBBS Nursing)

The Post Basic Bachelor of Science in Nursing (PBBS Nursing) is a two-year undergraduate program designed for registered nurses who wish to advance their knowledge, skills, and career prospects. The program focuses on comprehensive nursing education, leadership development, and evidence-based practice to prepare nurses for advanced roles in healthcare.

Master of Science in Nursing (MSc Nursing)

The Master of Science in Nursing (M.Sc. Nursing) is a two-year postgraduate program designed to develop advanced nursing professionals, clinical specialists, and leaders in healthcare. The program focuses on deepening clinical expertise, enhancing research capabilities, and strengthening leadership and teaching skills to prepare nurses for advanced roles in healthcare and academia.
